DATABASICS

TIME & EXPENSE INTEGRATION FOR ORACLE NETSUITE

HOW DATABASICS AND ORACLE NETSUITE PROVIDE THE COMPLETE CUSTOMER EXPERIENCE

DATABASICS offers partners and clients a timesheet and expense reporting solution with an automated bi-directional integration that elevates the usage of your Oracle NetSuite environment.
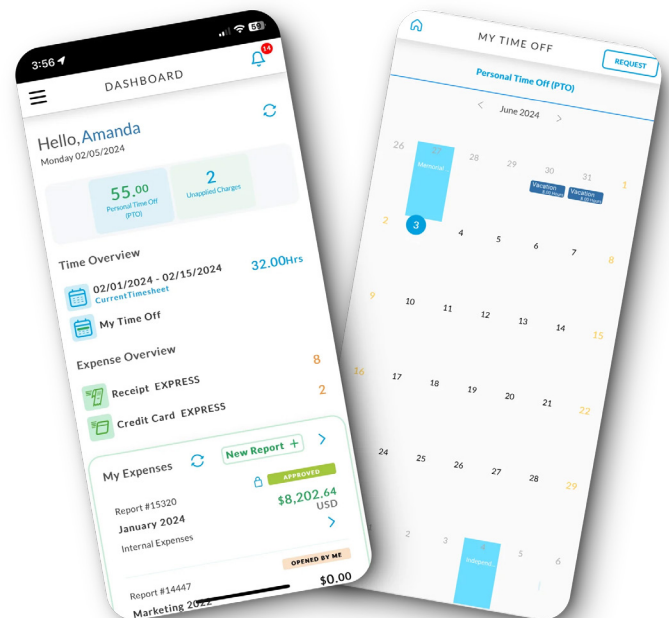

DATABASICS gives your full control over your time, leave, and expenses with world-class time and expense management solutions that are the right choice for today and easily adapt to the uncertainties of tomorrow. The certified SuiteApp integration makes your time, leave and expense reporting processes easier.

DATABASICS is global, mobile, and fully integrates with your existing business applications, providing your organization with a more efficient time and expense solution. Our partnership and participation in Oracle NetSuite's SuiteCloud Developer Network certifies that DATABASICS is part of the "Built for NetSuite" verification program, extending the power of NetSuite and providing a powerful option for expense reporting and time capture.

Together, DATABASICS and NetSuite provide clients with a seamless solution for project, labor, and expense capture. We are here to help you get the most from your strategic business processes. We do this by:

- Saying yes to your requirements;

- Focusing on the complete customer experience;

- Leading with our expertise in customer relationships.

HOW DATABASICS HELPS ORACLE NETSUITE USERS

DATABASICS integrates directly with NetSuite to provide customers with an all-in-one solution for even the most complex time tracking, leave management, and expense reporting requirements. The DATABASICS SuiteApp, built using Oracle NetSuite's SuiteCloud Computing Platform, provides timesheet and expense report integration with NetSuite to simplify the expense reporting process for joint customers. Proven integration, proven solutions: DATABASICS Time & Expense is the leading time tracking and expense reporting solution for the NetSuite community with "Built For NetSuite" certification.
